

## 2018 Index by Key Words

μ-opioid receptor ..... E193-E205  
 3D method ..... E355-E366  
 3-hydroxymorphinan ..... E167-E171  
 50% paw withdrawal threshold ..... 33-40

### A

abdominal cancer pain ..... 497-504  
 acute ..... 111-120  
 adjacent vertebral fracture ..... E483-E491  
 adolescent lumbar disc herniation ..... E63-E70  
 adverse events ..... E477-E482  
 Alcock ..... 83-89  
 alfacalcidol ..... 121-145  
 amniotic fluid ..... 229-241  
 analgesia ..... 191-198, E49-E55, E181-E186, E193-E205  
 analgesic(s) ..... 19-32, 483-488  
   discography ..... 91-110  
 anesthesia ..... E1-E12  
 angulation ..... E355-E366  
 animal model ..... E565-E571  
 antidepressants ..... 19-32  
 antiepileptics ..... 19-32  
 antipsychotics ..... 19-32  
 antiviral drugs ..... 559-569  
 area under the effect curve ..... 363-372  
 arthroscopic rotator cuff repair ..... E173-E180  
 articular cartilage defect ..... 229-241  
 autonomic nervous system ..... E409-E418

### B

balloon decompression ..... 593-605  
 Bell's palsy ..... 559-569  
 bilateral balloon kyphoplasty ..... 209-218  
 bipolar ..... E97-E103  
 bleeding ..... E181-E186  
 block ..... 83-89  
 blood pressure ..... E409-E418  
 blood-brain barrier ..... E633-E642  
 bone  
   mineral density ..... E435-E447  
   turnover markers ..... E435-E447  
   filling mesh container ..... 259-267  
 bony structure obstruction ..... E355-E366  
 brain maturation ..... E137-E148  
 breast  
   neoplasm ..... E27-E256  
   surgery ..... E87-E96  
 bunionectomy ..... E193-E205  
 buprenorphine ..... E1-E12  
 business education ..... E43-E48

### C

calcified LDH ..... E401-E408  
 Canada ..... 219-228  
 cancer ..... E323-E330  
   breast ..... 351-362  
   pain 497-504, E341-E346  
 cardiovascular systems ..... E13-E24  
 C-arm ..... 61-66  
 carpal tunnel syndrome ..... E225-E234

caudal epidural  
   block ..... 73-81  
   stimulation ..... E57-E62  
 celiac plexus ..... 497-504  
 cement augmentation ..... E33-E42  
 central ..... 593-605  
 disc herniation ..... E113-E123  
 sensitization  
   inventory ..... E27-E256  
   mechanisms ..... E27-E256  
 cerebrospinal fluid leakage ..... E157-E165  
 cervical  
   disc herniation ..... E449-E456  
   facet joints ..... E477-E482  
   foraminotomy ..... E215-E223  
   intervertebral disc ..... 91-110  
   medial branch block ..... 303-308  
   pain ..... E71-E78  
   sympathetic  
     chain ..... 9-18  
     trunk ..... 9-18  
   zygapophyseal joint injections ..... E661-E665  
 cervicogenic vertigo ..... 285-293  
 chemical rhizotomy ..... E651-E660  
 chemonucleolysis ..... E71-E78, E449-E456  
 chemotherapy-  
   induced neuropathy ..... 571-592  
   tumor ..... 571-592  
 chest wall pain ..... E323-E330  
 chronic  
   back pain ..... E207-E214  
   constriction injury ..... 33-40  
     of sciatic nerve ..... E307-E322  
   hip pain ..... 279-284  
   idiopathic axonal neuropathy ..... E57-E62  
   low back pain ..... 121-145  
   neuropathic pain ..... E377-E388  
   osteomyelitis ..... E149-E156  
   pain ..... 41-51, 169-177, 541-558, 571-592, 593-605, E13-E24,  
   E57-E62, E97-E103, E207-E214, E235-E246, E409-E418,  
   E573-E579, E593-E602, E603-E610  
     relief ..... E623-E632  
   pelvic pain ..... 147-167, E125-E135  
   prostatitis ..... E125-E135  
   regional pain syndrome ..... E207-E214  
 clinical  
   anatomy ..... E157-E165  
   decision support ..... E611-E621  
 clinical  
   effectiveness ..... E467-E476  
   trial (s) ..... 483-488, E181-E186  
 cobb angle ..... 383-406  
 cobra venom ..... E509-E521  
 combination ..... E429-E434  
 combinatorial genotypes ..... E611-E621  
 complex regional pain syndrome (CRPS) ..... 147-167  
 complication ..... E113-E123, E181-E186, E235-E246, E545-E553  
   of balloon kyphoplasty ..... 209-218  
 continuous radiofrequency thermocoagulation ..... E545-E553  
 corticosteroid ..... 41-51, 67-72

cost .....	E583-E592
cox-2 selective inhibitor.....	483-488
CT .....	83-89
culture .....	541-558
curriculum development .....	E43-E48
CYP2D6.....	E611-E621

**D**

decompression.....	1-7
definite diagnosis of neuropathy.....	E125-E135
degenerative instability .....	383-406
demyelination .....	E509-E521
dexmedetomidine .....	E87-E96
dextromethorphan.....	E167-E171
dextrorphan.....	E167-E171
diabetes.....	179-190
diabetic neuropathy .....	179-190, E207-E214
diagnostic	
accuracy.....	91-110
equipment.....	E181-E186
differential diagnosis.....	285-293
difficult LDH.....	E401-E408
diffuse noxious inhibitory control .....	E409-E418
direct-to-definitive .....	E583-E592
disability evaluation.....	269-278
disc	
decompression .....	E643-E650
herniation.....	E25-E31
discectomy.....	E457-E466
DiscoGel .....	E71-E78
discography .....	91-110
disease severity .....	67-72
dispensing .....	219-228
dorsal root ganglion.....	E97-E103, E307-E322
stimulation .....	E377-E388
drug	
testing.....	E167-E171
therapy.....	E429-E434
dural	
laceration .....	E157-E165
sac termination.....	73-81
duration.....	191-198
dysfunction.....	E367-E376

**E**

ear pain .....	295-301
effectiveness .....	469-481
efficacy .....	559-569
elderly .....	363-372
electrical pain model.....	363-372
electroacupuncture .....	E509-E521
emotional stress.....	E13-E24
endoscopes.....	E457-E466
endoscopic .....	E215-E223
spinal adhesiolysis.....	E157-E165
entrance zone.....	E157-E165
enzyme-linked immunosorbent assay .....	33-40
epidural .....	53-60, E105-E112, E181-E186
adhesiolysis .....	593-605
anesthesia .....	E347-E354
injection .....	433-447, 449-467, E493-E499
injections.....	269-278

space .....	269-278
steroid.....	243-249, E493-E499
steroid injection.....	E435-E447
epiduroscopy .....	E565-E571
esophageal cancer .....	E49-E55
ethanol ablation.....	9-18
ethnicity.....	541-558
evolution of PELD.....	E401-E408
explantation.....	E235-E246
exposure.....	53-60
extraforaminal approach.....	E331-E340

**F**

facet joint.....	285-293, 303-308, E661-E665
facial paralysis.....	559-569
fellowship training .....	E43-E48
female .....	E623-E632
femoral nerve .....	407-414
fentanyl and heroin epidemic.....	309-326
fibromyalgia.....	E207-E214, E257-E264, E573-E579
fluoroscopy.....	53-60, 251-257, 303-308, 373-382
fMRI .....	E207-E214
foot pain.....	E377-E388
foramen.....	E265-E277
formalin.....	E555-E564
fractured area .....	E33-E42
frequency .....	111-120
full-endoscopic .....	E331-E340
interlaminar discectomy.....	E63-E70
function.....	433-447, 449-467
functional connectivity.....	E207-E214
fusion .....	1-7
rate .....	383-406

**G**

gabapentin .....	E429-E434
genicular nerve block .....	41-51
genitofemoral nerve.....	199-205
geriatric .....	363-372
giant disc herniation .....	E331-E340
glia cell line-derived neurotrophic factor.....	33-40
global financial crisis .....	E533-E543
glossopharyngeal neuralgia.....	295-301
glucocorticoids.....	E435-E447
groin pain .....	199-205, E377-E388
guidance.....	83-89

**H**

hand pain .....	E377-E388
head and neck cancer .....	E419-E427
heart rate .....	E409-E418
hematoma.....	E105-E112
herniated disc .....	E97-E103
herniation .....	E71-E78
high canal compromised LDH.....	E401-E408
highly migrated LDH .....	E401-E408
hip	
denervation .....	279-284
joint pain.....	407-414
Horner syndrome .....	9-18
hypersensitivity .....	E137-E148
hypovitaminosis D.....	E389-E400

## Key Word Index

### I

ilioinguinal nerve..... 199-205  
immunoassay..... E583-E592  
improved  
  functional capacity ..... E603-E610  
  pain ..... E603-E610  
incidence ..... 111-120  
infection ..... E235-E246  
inflammation ..... E149-E156, E257-E264  
inflammatory  
  bowel disease..... E257-E264  
  soup ..... E633-E642  
injection..... 53-60, 61-66, E71-E78, E449-E456  
insufficient cement distribution ..... E33-E42  
interferon regulatory factor 8..... E307-E322  
interlaminar ..... 243-249, 433-447, E105-E112  
interventional..... E523-E532  
  pain management ..... 407-414, 415-432  
interventions..... 219-228  
intervertebral disc disease ..... 269-278, E643-E650  
intraarticular ..... 61-66  
  injection ..... 489-496  
intradiscal ..... E449-E456  
intraforaminal ligament..... E157-E165  
intrathecal drug delivery pump..... E235-E246  
ionizing radiation ..... E523-E532  
iv lidocaine..... E573-E579

### K

kig31-1 ..... E555-E564  
knee  
  osteoarthritis ..... 41-51, 169-177, 229-241  
  pain ..... E377-E388  
knowledge gaps ..... E43-E48  
kyphoplasty ..... 259-267

### L

L1-L5 intervertebral foramen..... E157-E165  
laser  
  ablation..... E643-E650  
  assisted spinal endoscopy ..... E643-E650  
lateral mass screws ..... E477-E482  
LC-MS/MS ..... E583-E592  
LDH with discal cyst ..... E401-E408  
level of evidence ..... 571-592  
levorphanol..... E167-E171  
local  
  anesthesia ..... E347-E354  
  anesthetic..... 41-51, 269-278, 449-467  
longitudinal studies..... E457-E466  
low back pain ..... 61-66, 121-145, 243-249, 251-257, 269-278,  
  383-406, 489-496, 607-618, E389-E400, E25-E31, E493-E499  
  lower one-third joint technique..... 251-257  
lumbar ..... 593-605, E367-E376  
  disc herniation..... E265-E277, E355-E366, E401-E408  
  foraminal spinal stenosis..... 67-72  
  intervertebral disc..... 91-110  
  spinal stenosis ..... 1-7, 383-406  
  spine ..... E643-E650  
lumbosacral  
  radicular pain ..... E97-E103

  transitional vertebrae..... 73-81  
lung cancer..... E49-E55

### M

magnetic resonance imaging ..... 67-72  
male ..... E623-E632  
mechanical hyperalgesia ..... E555-E564  
medial  
  branch block ..... 285-293  
  branch nerve ablation..... E477-E482  
Medicare ..... 415-432  
  access and chip reauthorization act of 2015 ..... 415-432  
  medication compliance testing..... E167-E171  
meralgia ..... E225-E234  
merit-based incentive payment system ..... 415-432  
meta-analysis... 1-7, 9-18, 209-218, 327-336, 337-350, 433-447,  
  449-467, E389-E400  
metallic spinal hardware..... E477-E482  
metastatic spinal lesions..... E467-E476  
methadone maintenance treatment..... E623-E632  
mexiletine ..... E573-E579  
mice ..... E555-E564  
microdissection ..... E157-E165  
microglia..... E307-E322  
middle cervical sympathetic ganglion ..... 9-18  
migraine ..... E149-E156, E633-E642  
minimal invasion ..... E113-E123  
minimally invasive ..... E215-E223, E331-E340  
modic changes..... 383-406  
monitoring..... 219-228  
morphine..... E193-E205, E347-E354  
multimodal  
  analgesia ..... E429-E434  
  pain management ..... E603-E610  
musculoskeletal pain..... 541-558, E409-E418

### N

naloxone..... E1-E12  
National All Schedules Prescription Electronic Reporting Act  
  (NASPER)..... 309-326  
navigation..... E215-E223  
Nd:YAG laser ..... E643-E650  
neck pain ..... 285-293, E493-E499, E661-E665  
nerve block ..... 9-18  
network meta-analysis ..... 559-569  
neuralgia ..... 83-89  
neurolytic..... 497-504  
neuromodulation ..... 147-167, E377-E388  
neuronal activity ..... E137-E148  
neuropathic ..... 111-120  
  pain 147-167, 179-190, 191-198, 571-592, E57-E62, E71-E78,  
  E173-E180, E307-E322, E573-E579  
  pelvic pain ..... E125-E135  
neuropathy ..... 111-120, E573-E579  
neurostimulator ..... E235-E246  
neurotomy..... 607-618  
  new technique..... 61-66  
nociceptin/orphanin FQ peptide receptor ..... E193-E205  
nociception..... E137-E148  
noncompartmental analysis..... 363-372  
numeric rating scale..... 67-72

**O**

O-arm ..... E215-E223  
 obturator nerve..... 407-414  
 occipital neuralgia..... E225-E234  
 ocular ..... E523-E532  
 odynophagia..... 295-301  
 opioid..... 219-228, 363-372, E49-E55, E193-E205, E429-E434, E611-E621  
 abuse ..... E1-E12  
 epidemic ..... 309-326  
 reduction..... E603-E610  
 use disorder..... E623-E632  
 OPRM1 ..... E611-E621  
 oral cancer pain ..... 295-301  
 orchialgia..... 199-205  
 osteoporosis..... 121-145, 259-267, E33-E42, E435-E447, E483-E491  
 osteoporotic  
 fracture ..... E435-E447  
 vertebral compression fracture... 209-218, 327-336, E483-E491  
 Oswestry Back Pain Disability Index (ODI) ..... E347-E354  
 overall recovery ..... 559-569  
 Oxford knee score..... 41-51  
 oxygen-ozone mixture ..... E449-E456  
 ozone ..... E25-E31

**P**

p38MAPK ..... E307-E322  
 pain.. 111-120, 433-447, 449-467, 483-488, 497-504, E27-E256, E137-E148, E429-E434, E467-E476, E533-E543, E573-E579  
 behaviors..... 541-558  
 beliefs ..... 541-558  
 clinic ..... E603-E610  
 cognitions ..... 541-558  
 management..... E1-E12, E347-E354, E583-E592, E593-E602, E603-E610, E611-E621  
 medicine ..... E523-E532  
 modulation..... E13-E24  
 pattern ..... E367-E376  
 pressure thresholds..... E13-E24  
 relief E323-E330  
 palliative pain treatment ..... E467-E476  
 parasympathetic nervous system ..... E409-E418  
 parecoxib..... 483-488  
 paresthesia mapping..... E377-E388  
 patient  
 compliance..... E583-E592  
 controlled analgesia..... 483-488  
 reported outcome ..... E457-E466  
 peccs block..... E87-E96  
 pedicle screws..... E477-E482  
 percutaneous..... 593-605, E457-E466  
 adhesiolysis ..... E501-E508  
 endoscopic  
 cervical discectomy ..... E215-E223  
 interlaminar discectomy (PEILD)..... E105-E112, E401-E408  
 percutaneous endoscopic lumbar discectomy (PELD) ..... 337-350, E105-E112 E265-E277, E355-E366, E401-E408  
 percutaneous endoscopic transforaminal lumbar discectomy (PETLD)..... E401-E408  
 kyphoplasty ..... 327-336

neuroplasty ..... E501-E508  
 transforaminal endoscopic discectomy (PTED)..... E347-E354  
 treatment ..... E449-E456  
 vertebroplasty ..... E33-E42, E483-E491  
 periaqueductal gray ..... E137-E148  
 perineal cancer pain..... E651-E660  
 peripheral neuropathy..... 179-190, 571-592, E419-E427  
 pain E225-E234  
 pharmacodynamics ..... E611-E621  
 pharmacogenetics..... E611-E621  
 pharmacokinetics..... E611-E621  
 physical exercise..... E13-E24  
 physician  
 fee schedule ..... 415-432  
 payment policy ..... 415-432  
 pig E565-E571  
 placebo..... 363-372  
 platelet rich plasma..... 229-241  
 plethysmography ..... E13-E24  
 policy ..... 219-228  
 polyneuropathy..... 111-120  
 pooled prevalence..... E389-E400  
 population ..... 219-228  
 post  
 laminectomy back pain ..... E501-E508  
 lumbar surgery syndrome ..... E501-E508  
 mastectomy pain syndrome ..... 351-362  
 posterior lumbar interbody fusion ..... 383-406  
 posterolateral fusion ..... 383-406  
 postherpetic neuralgia ..... 19-32, 373-382, E225-E234  
 postmenopausal women..... E435-E447  
 postnatal development ..... E137-E148  
 postoperative pain ..... E49-E55, E87-E96, E193-E205  
 practice management ..... E43-E48  
 preemptive analgesia ..... 483-488, E347-E354  
 pregabalin ..... E429-E434, E509-E521  
 prescribing..... 219-228  
 prescription (s) ..... E623-E632  
 Drug Monitoring Programs (PDMPs) ..... 309-326  
 opioids ..... 309-326  
 prevalence ..... 91-110, 337-350  
 primary care physician..... E593-E602  
 private practice ..... E43-E48  
 protein kinase c gamma..... E555-E564  
 provocation  
 discography..... 91-110  
 test ..... E367-E376  
 psychosocial factors ..... E533-E543  
 pudendal  
 nerve ..... 83-89  
 neuralgia..... E225-E234  
 neuropathy..... E125-E135  
 pulse ..... 53-60  
 pulsed radiofrequency..... 33-40, 191-198, 407-414, 469-481, E57-E62, E97-E103, E225-E234, E307-E322, E545-E553  
 ablation..... 295-301  
 puncture..... E265-E277

**Q**

QTC ..... E573-E579  
 quality of health care ..... E533-E543  
 quality of life..... 383-406, E533-E543

## Key Word Index

quantitative  
measurement ..... E355-E366  
sensory testing ..... E125-E135, E419-E427

### R

race ..... 541-558  
Racz catheter ..... E501-E508  
radiation ..... 53-60  
  protection ..... E523-E532  
radicular pain ..... 269-278, E225-E234  
radiculopathy ..... 593-605, E181-E186  
radiofrequency (RF) ..... 169-177, 199-205, 407-414, 489-496, 607-618  
  ablation ..... 9-18, 279-284, E323-E330, E467-E476  
  neurotomy ..... E477-E482, E661-E665  
  therapy ..... 351-362  
radiotherapy ..... E323-E330  
randomized controlled trial ..... 607-618  
rat ..... 191-198  
  model ..... E509-E521  
recurrence ..... E63-E70  
  rate ..... E545-E553  
recurrent herniation ..... 337-350  
reduction of pain ..... 571-592  
refractory pain ..... E57-E62  
regulatory tsunami ..... 415-432  
reoperation ..... E457-E466  
residual disc ..... E457-E466  
retrocrural ..... 497-504  
reverse transcription-polymerase chain reaction ..... 33-40  
review ..... E225-E234  
revision LDH ..... E401-E408  
risk factor ..... E33-E42  
robotic system ..... E565-E571  
rod adjustment technique ..... E113-E123  
ropivacaine ..... E347-E354  
rotator cuff tear ..... E173-E180

### S

sacral hiatus ..... E157-E165  
sacroiliac joint ..... 61-66, 251-257, E367-E376  
  dysfunctional pain ..... 489-496  
  injection ..... 251-257  
  pain ..... 607-618, E367-E376  
safety ..... 469-481, E467-E476, E477-E482  
sagittal balance ..... 383-406  
saline ..... 449-467  
sciatic  
  nerve ..... 33-40, 191-198  
  neuralgia ..... E509-E521  
  scoliosis ..... E63-E70  
sensitivity ..... E583-E592  
serum 25-hydroxyvitamin D ..... 121-145  
severe complications ..... E477-E482  
SF-36 ..... 373-382  
shingles epidural steroid injection interlaminar approach ..... 373-382  
shoulder ..... E173-E180  
side effects ..... 295-301  
simplicity ..... 607-618  
single hallux valgus repair ..... E193-E205  
sleep ..... E137-E148  
  deprivation ..... E137-E148

smoking ..... E49-E55  
sodium nitrite ..... 179-190  
spinal cord stimulation ..... 147-167, E429-E434  
  infection ..... E235-E246  
spinal stenosis ..... 269-278, 593-605, E97-E103  
spine ..... E33-E42, E181-E186, E457-E466, E565-E571  
spontaneous pain ..... E555-E564  
stellate ganglion block ..... 351-362  
stem cell ..... 229-241  
steroids ..... 269-278, 449-467, 559-569  
stress response ..... E87-E96  
subacute ..... 111-120  
suboxone ..... E1-E12  
SUCRA ..... 559-569  
sumatriptan ..... E633-E642  
superior hypogastric plexus neurolysis ..... E341-E346  
surgery ..... E1-E12, E193-E205  
survey ..... E493-E499  
  questionnaire ..... E593-E602  
Swimmer's view ..... 303-308  
sympathetic nervous system ..... E409-E418  
systematic review ..... 121-145, 433-447, 449-467, E389-E400

### T

Taiwan National Health Insurance Research Database ..... E149-E156, E257-E264  
technique ..... E493-E499  
temporal summation ..... E13-E24  
termination of the dural sac ..... 73-81  
thermal  
  injuries ..... E477-E482  
  radiofrequency ..... E651-E660  
  withdrawal latency ..... 33-40  
thermocoagulation ..... E323-E330  
thoracic  
  disc herniation ..... E331-E340  
  intervertebral disc ..... 91-110  
  nerve root ..... E323-E330  
  spine ..... E331-E340  
thyroid ..... 9-18  
tolerability ..... E573-E579  
topical agents ..... 19-32  
total hip arthroplasty ..... 483-488  
toxicology ..... 571-592  
trajectory ..... E355-E366  
tramadol ..... 363-372  
transcranial Doppler ..... E13-E24  
transdiscal approach ..... E341-E346  
transforaminal ..... 433-447, E105-E112, E355-E366  
  approach ..... 373-382  
  endoscopy ..... E113-E123  
  epidural steroid injection ..... 67-72  
transitional vertebra ..... 73-81  
treatment ..... 229-241, 571-592  
trigeminal neuralgia ..... 469-481, E225-E234, E545-E553  
turnaround time ..... E583-E592

### U

ultrasound ..... 9-18, 41-51  
  volume navigation (US VNav) ..... E265-E277  
unilateral balloon kyphoplasty ..... 209-218  
unIQUE complications ..... E105-E112

unsatisfied pain relief ..... E33-E42  
upper one-third joint technique ..... 251-257  
urine  
  concentration ..... E167-E171  
  testing ..... E167-E171

**V**

vascular endothelial growth factor ..... E633-E642  
vertebral  
  compression fracture ..... 259-267, E33-E42  
  fractures ..... 121-145

metastases ..... E467-E476  
visual analog scale (VAS) ..... 41-51, 373-382, E347-E354,  
  E545-E553  
vitamin D ..... 121-145  
volume ..... 243-249

**W**

warm temperature detection threshold test ..... E125-E135

**Z**

zygapophysial joint ..... 285-293
