

In Errata

In A Novel Method of Locating Foramen Ovale for Percutaneous Approaches to the Trigeminal Ganglion, (Pain Physician 2019; 22;E345-E350) the role of Kang Sup Kim was inadvertently incomplete. Sung Hyun Lee and Kang Sup Kim contributed equally to this study and should be considered co-first authors. KSK was involved in the conception, literature search, study design, data analysis and interpretation, editing and writing of the manuscript.
