

In Errata

In Safety and Efficacy of Platelet Rich Plasma for Treatment of Lumbar Discogenic Pain: A Prospective, Multicenter, Randomized Double-blind Study, (Pain Physician 2022; 25:29-34) in the Surgical Procedures and Materials, the methods section had incorrectly included the PRP extraction and injectate concentrations from the technical manual instead of the study protocol methods. This error indicates that the total injectate concentration is diluted nearly 2x the actual concentration amount and has been corrected.

UPCOMING ABIPP EXAMS AND COMPETENCY EXAMS

Virtual Exams in 2022

June 18, July 30, August 27, September 17, October 22, November 19, December 17

ABIPP Board Certification Application (Part I)

ABIPP Competency - Virtual Written Exam

Memphis, TN - MERI Center

September 23, 2022

ABIPP Part II

ABIPP Competency (Practical Examination)

The American Board of Interventional Pain Physicians (ABIPP) has developed certification programs that recognize accepted levels of knowledge and expertise in the interventional pain management profession, with the goal of improved patient care. Hundreds of qualified physicians have made the commitment to become ABIPP certified. ABIPP is recognized in 11 states. Ten states have no statutes governing specialty boards. Approval is pending in remaining states.

ABIPP now offers the only competency certification program for regenerative medicine.

For complete information about the examination requirements and to obtain an application packet, visit www.abipp.org or call 270.554.9412 x217 or by email at summer@asipp.org.

ABIPP is a Specialty Board providing certifications in the following areas:

- **Board Certification in Interventional Pain Management**
 - Either with ABMS pain medicine board certification or ABMS primary certification only
- **Competency Certification in:**
 - Interventional Pain Management
 - Regenerative Medicine
 - Controlled Substance Management
 - Coding, Compliance, and Practice Management
 - Fluoroscopic Interpretation and Radiological Safety
 - Endoscopic Spinal Decompression
